

Swiftsure

SWIFTSURE MARLBOROUGH SAUVIGNON BLANC 2023

Winemaking

On a crisp and cool morning in the heart of New Zealand wine country, the Marlborough harvest was at its peak.

Our Sauvignon Blanc was harvested from our Southern Coast Vineyard which lies in one of Marlborough's southernmost regions, and transported immediately to the winery.

Fresh juice, gently pressed and delivered to stainless tanks underwent a long cool fermentation, heady aromas of Sauvignon Blanc filled the winery.

On completion of fermentation blending options were assessed and the wonderfully fresh herb and citrus characters of the Southern Coast Vineyard were complemented with passionfruit and the richness of the Waihopai Valley.

Tasting Notes

The 2023 is our inaugural release of our Swiftsure Marlborough Sauvignon Blanc.

Bursting with aromas; an abundance of tropical fruits, crisp citrus, punchy jalapeno, and fresh herbs this wine showcases the intensity that has made Marlborough Sauvignon Blanc famous the world over.

The palate is refined and classical with a vibrancy of fruit and a mineral purity that creates a sense of sophistication and elegance.

Swiftsure is a pure expression of both Sauvignon Blanc and place, a wine to transport your senses to a land of beauty.
